Please upload your writeup and example programs as one compressed folder. You need not use an online judge for your example programs, though do make sure you explain how they work and write them as clearly as possible. Optimize your 6 hour time limit - choose your problems to give you as much of an introduction to the areas that are discussed.

**Exercise 1**
Finish reading Chapter 9 and attempt problems.

**Exercise 2**
Make sure have one problem, ideally two written up for presentation and discussion.

**Exercise 3**
How long did this take you? Stop when get to 6 hours.
