

Townfall

a city-building game centered around a dynamic world

In a constantly moving world can you ensure that your town survives through the changes?

Gather resources, build a town, and combat the world itself before it causes your downfall.

Use tools, boons, and upgrades, to survey the ground for any changes the world brings forth and prepare accordingly!

Townfall features:

- city-building fundamentals
- resource management
- a dynamic moving world
- cozy pixelated artstyle
- lo-fi soundscape
